

Vienna, May 27, 2002

*Dear Mrs. Anic,*

Back again in Vienna I hasten to tell you how much I enjoyed meeting you and Mr. Anic and how sorry I was that I only had so little time to spend with you both.

It came with my being in the official delegation with our Federal President's visit to Croatia and to your President Stjepan Mesic and therefore I hope very, very much to have a next chance again where we would spend far more time on the Island, speaking of the Island, especially about the future developments.

In the meantime I have forwarded your book "Brijuni" to our Federal President, Dr. Thomas Klestil, and to your State President Stjepan Mesic, and I am sure they are going to enjoy reading it as I did.

I hope you had a good stay in Brioni and I really hope we have a next chance with you and Mr. Anic the next time with more time in Brioni.

*With my best wishes, I am yours very  
sincerely  
Manfred*
